MEMORANDUM FOR: Deputy Director for Administration  
Deputy Director for Intelligence  
Deputy Director for Operations  
Deputy Director for Science and Technology  
Chairman, Senior E Career Service

SUBJECT : Implementation of PASG Recommendations

REFERENCE : Memo fr Secy/CIA Mgt Comm to above adses,  
dtd 26 Sept 74, same subject

1. As the referenced memo reminds, the Director expects a status report on PASG implementation sometime in January 1975. In the meantime, the Management Committee desires continuing reporting on progress, which I have attempted to provide through informal contact with the Career Services. I would like to systematize this reporting so that we can be explicit in relating the progress being made toward the implementation of the new personnel approaches. Agency employees, the party most vitally affected by this undertaking, are as interested as the Management Committee to learn of the action being taken on this subject.

2. I would welcome your cooperation in completing the following status report, which has been designed to minimize the extra burden entailed in rendering a report. Most entries may be answered by checking boxes. In this regard, it is important that you respond on the basis of the situation prevailing, as of the end of September and not on the basis of what you intend to accomplish in the coming months. All references to Career Service pertain to the Directorate-level Career Service. Your response is requested by the end of October, addressed to me.

3. I am certainly aware that some Directorates are still in the process of inventorying highly diverse procedures and face difficult decisions. It may be that this survey will assist management in reviewing priorities so that the greatest possible progress may be made before the January report to the Director.
